MOTION FOR EXTENSION OF TIME

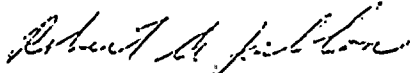

Florida Cities respectfully request a change in the dates to file the pleadings referred to in the Appeal Board's June 16, 1977 Order. They request that Florida Cities' brief be due on or before June 29, 1977, and that other parties' briefs be due on or before July 13, 1977. 1/ Counsel for Florida Cities is authorized to state that neither Florida Power & Light Company nor Staff object to Florida Cities' request for an extension of time.

Florida Cities realize that the Appeal Board's Order set forth a short time period for response. They do not desire to delay resolution of these matters. However, counsel for Florida Cities had meetings outside of Washington on Thursday, June 16, 1977, the date the Order was issued, and Friday, June 17, 1977. In addition, counsel had a

conference yesterday. Tomorrow, June 21, and Wednesday, June 22, counsel has a long-standing commitment involving settlement discussions of a Federal Power Commission rate case, which commitment cannot be changed because of certain Federal Power Commission rate case filing rules. On Thursday, June 23, 1977, he has a pre-hearing conference scheduled in another Federal Power Commission rate case, although he anticipates that this will be short and may be cancelled. Under the circumstances, in order to allow them to give appropriate consideration of the Commission's decision in Houston Lighting & Power Company (South Texas Project, Units 1 and 2), Docket Nos. 50-498A and 50-499A, Florida Cities respectfully request that the dates above be approved.

Respectfully submitted,

Robert A. Jablon

Attorney for Florida Cities
