Subject: Annual Property Insurance Status Report

Reference: John Zwolinski, U.S. Nuclear Regulatory Commission, Letter to James Taylor, Dairyland Power Cooperative, "Primary Property Damage Insurance Exemption," dated June 26, 1986

As required by 10 CFR 50.54, "Conditions of licenses," paragraph (w)(3), LaCrosseSolutions, LLC is required each year to report to the NRC the current levels and sources of insurance that demonstrates it possesses sufficient financial resources to stabilize and decontaminate a reactor and reactor station site in the event of an accident. In accordance with 10 CFR 50.54(w)(3), this report is required to be submitted on April 1st of each year.

To satisfy the reporting requirements of 10 CFR 50.54(w)(3), LaCrosseSolutions, LLC is submitting the following status of nuclear property insurance currently maintained for the La Crosse Boiling Water Reactor (LACBWR) facility.

<u>Facility</u>	<u>Total Coverage</u>	<u>Policy Number</u>
La Crosse Boiling Water Reactor Facility	\$180 million	M11UL1961

The insurance maintained is provided through an insurance policy purchased from Nuclear Risk Insurers Limited through Dairyland Power Cooperative.

The above insurance policy provides coverage that satisfies the criteria specified in 10 CFR 50.54(w). The coverage reflects an exemption from the requirements of 10 CFR 50.54(w) regarding the amount of onsite property insurance. The exemption was granted by the NRC for the LACBWR facility as documented in Reference 1.
