Hello Chris

This is to notify you that we have found the request to amend Chapter 5, *Nuclear Criticality Safety*, of the License Application, acceptable for review. This was submitted by your letter 17-101 dated December 13, 2017 (ADAMS Accession Number MI17353A213).

There may be requests for additional information or other technical clarifications as the review progresses.

We anticipate completing the amendment by the end of June, 2018, based on current workloads.

Enterprise Project Identifier (EPID) number L-2017-LLA-0122 has been assigned to this review, and billable hours will be referenced under this number
