Louisiana Energy Services, LLC
NRC Docket No. 70-3103

Subject: Application for NRC Export License

References:

1. Letter from S. Cowne to NRC requesting an export license for centrifuge assembly equipment and surplus parts, dated February 16, 2018 (LES-18-006-NRC)
2. XCOM1239/01, Louisiana Energy Services LLC export license for enrichment plant components issued August 6, 2013.

In Reference 1, Louisiana Energy Services, LLC, dba URENCO USA (UUSA) requested an export license, pursuant to 10 CFR 110.31(a), to export gas centrifuge assembly equipment and surplus parts to the Netherlands. Following discussions with NRC and State Department staff indicating that this request could be an amendment to the existing license, URENCO USA requests withdrawal of Reference 1 and requests an amendment to Reference 2.

URENCO USA will suspend construction of centrifuges during 2018. As a result, UUSA desires to return unneeded equipment and surplus centrifuge parts to the Enrichment Technology Company Ltd. in Almelo, Netherlands. Enclosure 1 contains the completed NRC Form 7 describing this change. Block 10 contains the proposed rewording of Reference 2's Description of Materials or Facilities.

In Reference 1, URENCO USA submitted the \$18,400.00 fee with the NRC Form 7 application. The fee for this amendment application is \$2,600.00 as specified in 10 CFR 170.31 Category 15.E. URENCO USA requests that the previous application fee be applied to this application and any remaining dollar amount be refunded. UUSA's Tax Identification Number is 52-1645739 and our address is P.O. Box 1789, Eunice, NM. 88231.

Should there be any questions concerning this submittal, please contact Wyatt Padgett, UUSA Licensing and Performance Assessment Manager, at (575) 394-5257.

Respectfully,
