License Number 24-16275-01

Dear Materials Licensing Section:

We this is written notification to our license to address the following changes:

§ We have closed the restricted space named on our license at 3700 West 10th Street. Included is a close out survey to have this area removed from our RAM license and released for unrestrictive use. All radioactive materials have been removed from the location. An ambient survey was performed with a gm survey meter on 3-27-2018. There were no exposures that exceeded 0.02 mR/hr (BKG). All test smears were negative for removable contamination. Constancy tests were performed on both the G.M. meter and the well counter and both were within 10% of expected values. G.M. surveys were taken on the most sensitive scale.

If you have any question on this request, please contact us at (660) 827-9536.

Sincerely,
