United States Senate

WASHINGTON, D.C. 20510

April 17, 1975

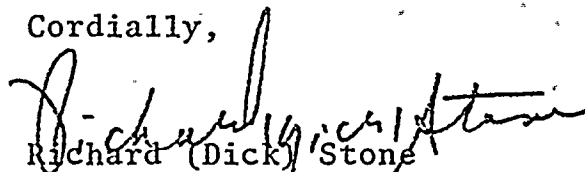

Mr. William A. Anders
Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Anders:

Several Floridians have written to me about their concern about the Hutchinson Island Nuclear Power Plant. I would very much appreciate a full report on the progress of the plant and of the status of a case in Indiana in which the question was raised about how close to a population center a nuclear power plant could be built. I would be very interested in knowing the effect this would have on the construction of the Hutchinson Island Plant.

Your assistance to greatly appreciated.

Cordially,

Richard (Dick) Stone
