Dear Mr. Denton:

At Mr. Don Neighbors' request, we have been asked to provide an emergency contact individual as our Architect-Engineer who has cognizance of Surry 1 and 2 and North Anna 1 and 2.

Our Architect-Engineer, Stone and Webster Engineering Corporation, advises us that Mr. W. J. L. Kennedy, Director of Engineering, will serve as an emergency contact individual at their firm.

As it is our normal practice, all exchange of Stone and Webster generated information should be by way of Vepco personnel. During emergency conditions this is especially important, in order to best utilize the engineering resources available.

Very truly yours,

*C. M. Stallings*
