Gentlemen:

TESTING OF SURRY AND NORTH ANNA POWER STATIONS
EARLY WARNING SYSTEM

Pursuant to NUREG 0654 Rev. 1 and related topics in 10 CFR Part 50, the Virginia Electric and Power Company's nuclear power stations participated in a full-scale test of the Early Warning Systems. The tests were conducted by the Commonwealth of Virginia's Office of Emergency and Energy Services.

The Commonwealth of Virginia's Office of Emergency and Energy Services will provide copies of the evaluation to Mr. John W. Brucker, Director, Region Three, Federal Emergency Management Agency, Philadelphia, Pennsylvania. Copies of the evaluation will be made available to you for your use and information in the future.

If you require additional information, please call Mr. John W. Martin, Jr. (804) 771-4188, who is available to assist you.

Sincerely,

R. H. Leasburg
