Gentlemen:

VIRGINIA ELECTRIC AND POWER COMPANY
SURRY POWER STATION UNITS 1 AND 2
REVISIONS TO STATION EMERGENCY PLAN
REVISIONS TO EMERGENCY PLAN IMPLEMENTING PROCEDURES

Pursuant to 10 CFR 50.54(q), enclosed are revisions to the Surry Power Station Emergency Plan and selected Emergency Plan Implementing Procedures. These revisions do not implement actions which decrease the effectiveness of our Emergency Plan. The Emergency Plan and Implementing Procedures continue to meet the standards of 10 CFR 50.47(b). Please update your manual by performing the actions described in Attachment 1, Tabulation of Changes.

Your attention is also directed to Attachment 2, Surry Emergency Plan Revision 39 Summary. This information is provided to facilitate your review of the enclosed Emergency Plan revision.

Very truly yours,

James P. O'Hanlon
Senior Vice President - Nuclear

ATTACHMENT 2

SURRY EMERGENCY PLAN REVISION 39 SUMMARY

Sections i, 5, 6, 7 and 8:

Updated page numbers and section/subsection titles where necessary.

Section 1.1, pages 1.5 through 1.8: Acronyms and Abbreviations

Updated and added various acronyms and abbreviations to accommodate use within text of the Plan.

Section 4.1, page 4.2:

Deleted "external contamination of personnel or personal effects" as an example of a minor accident since the event, "contaminated/injured personnel," was eliminated as a Notification of Unusual Event (SPS Emergency Plan Rev. 38, per NRC Emergency Planning Branch Technical Position dated July 11, 1994).

Section 6, page 6.11:

Surry Power Station Remote Assembly Areas, Figure 6.1: Modified drawing to reflect new location of the Secondary Remote Assembly Area (SRAA). The SRAA is located on Route 10, southwest of the town of Surry, at the Surry County Parks and Recreation Community Center. This change is made pursuant to Surry County approval granted by letter, T. D. Lewis (County Administrator) to Bill Renz (Virginia Power, NEP), dated January 20, 1995.

Section 8.1, page 8.3:

Changes in normal station organizational structure are reflected. The Supervisor Licensing is added to the reporting hierarchy between the Assistant Station Manager, Nuclear Safety and Licensing (NS&L) and the Station Coordinator Emergency Planning.
