Dear Major General Coglianesse:

Thank you for your letter dated April 26, 2018, regarding emergency response and security oversight at the San Onofre Nuclear Generating Station (SONGS). In response to your written request and our teleconference on July 27, 2018, emergency planning and security inspection procedures, and a list of recent inspection reports are provided in the enclosures to this letter. As we agreed during the teleconference, the list of inspection reports only encompasses the last 10 years of inspections.
