Director of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

S+N **50-528**
50-529
50-530

Dear Sir:

Supplement 6 to Environmental Report for Palo Verde Nuclear Generating Station, Units 1, 2, and 3, Maricopa County, Arizona was forwarded to this office for Departmental Review.

We have reviewed the document and find it inadequate because it was not ground oriented.

Previous review comments on NRC Draft Final Supplement to the Final Environmental Statement on this project can also generally be considered to apply to the subject statement.

Sincerely,

Acting State Director
