Dr. Aljallad,

I am reviewing your amendment request for Children's Mercy Hospital, CN 608685. There were four different items that were requested to be reviewed. Items 1, 2, and 4 are being processed currently. However, for item 3 it is unclear the intent of the information. Can you please provide more details on the exact nature of the request in item 3. Also, specifically note how you address the deficiencies that were in the previous NRC cover letter that was included in the request.

Also, in item 3.f multiple locations are listed for the State of Kansas. That is an agreement state and is outside NRC jurisdiction, and changes made to those licenses would need to be discussed with their licensing department.

If you have any questions please let me know at your convenience. Please provide the requested information by 7/21/18.

Respectfully,

Daniel C. Strohmeyer, CHP
