QUALITY ASSURANCE

<u>Section</u>	<u>Page</u>
17.2 QUALITY ASSURANCE DURING THE OPERATIONS PHASE	17.2-1

17.2 QUALITY ASSURANCE DURING THE OPERATIONS PHASE

The Operational Quality Assurance Program for the Union Electric Company Callaway Plant is described in the Operating Quality Assurance Manual (OQAM). The Quality Assurance Program description, formerly also maintained in this section of the FSAR, is now maintained solely in the OQAM as a separate licensing document. The OQAM will be maintained in accordance with the requirements of 10 CFR 50.54.
