Docket: NRC-2018-0109

Draft Letter to the Nuclear Energy Institute Regarding the Clarification of Regulatory Paths for Lead Test Assemblies

Comment On: NRC-2018-0109-0002

Draft Letter to Nuclear Energy Institute Regarding Clarification of Regulatory Paths for Lead Test Assemblies

Document: NRC-2018-0109-DRAFT-0237

Comment on FR Doc # 2018-14121

Submitter Information

Name: Gerard Marzec

General Comment

As an environmental scientist, I am opposed to the NRC setting aside federal regulations to permit nuclear plant owners to experiment with new fuel pellets and fuel rods in nuclear power reactors. This potentially dangerous action deprives members of the public their legal rights to agree or disagree with the experiment. The regulations should be followed to assure NRC can thoroughly review such proposed actions, and to inform local citizens of such a consideration.
