Dear Nuclear Regulatory Commission Staff:

Why New Mexico? We do not want nuclear waste in our state!

Reject Holtec International's application for a Consolidated "Interim" Storage Facility (CISF) for high level nuclear waste first because centralized or consolidated interim storage sites are NOT allowed under US federal laws to the extent the Department of Energy and US taxpayers are expected to own and transport the waste. It is an ILLEGAL DUMP.

New Mexico has experienced environmental racism for decades. People of Color continue to be disproportionately impacted by hazardous and toxic wastes." (Samia Assed, Chair of the New Mexico Poor People's Campaign; see: [www.nonuclearwaste.org](http://www.nonuclearwaste.org)) NRC should assess the multiple stresses on New Mexicans and failures to compensate them over the history of the atomic age.
