Subject: Notice of Violation (NOV) and Confirmatory Order from the Nuclear Regulatory
Attachments: Transmittal memo TtEC to K Sanchez BRAC NOV enclosures Confirming Order 13Oct16.pdf

Dr. Ron Rogus
Senior Health Physicist
Radiologic Health Branch, MS 7610
P.O. Box 997414
Sacramento, CA 95 899-7 414

Dear Dr. Rogus,

Attached to this email, Tetra Tech EC, Inc. (TtEC) is providing the NRC NOV issued on July 28, 2016 and the subsequent NRC Confirmatory Order issued on October 11, 2016. These documents are being provided so that the California Department of Public Health, Radiologic Health Branch is fully informed of the NRC's actions. As noted in the attached letter, TtEC participated in a successful Alternative Dispute Resolution session with the NRC after receipt of the NOV. The Confirmatory Order is a result of this session. With this Confirmatory Order, and in consideration of TtEC's actions, the NRC withdrew the proposed civil penalty associated with the NOV. In accordance with the requirements of the Confirmatory Order, I am providing you a copy of the letter from Kent Weingardt, TtEC Vice-President, to the Navy and the NRC Region I Director, Division of Nuclear Materials Safety along with the NOV and Confirmatory Order.

Please contact me now if you have any questions or require any additional information regarding this correspondence or the attachments.

Steve
