RE: 2018 Bond Amount for Cameco Resources (Power Resources Inc. dba), Ruth ISR Project, PT0631

Dear Mr. Reimann:

The information presented in the 2016-2017 Annual Report for PT0631 has been reviewed by the Land Quality Division (LQD) District 3 staff, and the Annual Inspection required by W.S. §35-11-411(c) was conducted on May 3, 2018.

In accordance with W.S. §35-11-411(d), the bond amount is set at \$443,500. This represents an increase of \$24,500 from the bond amount currently held by LQD of \$419,000. This increase is due to adjusted contingency costs and monitoring well abandonment costs. Please contact DEQ Bonding Analyst, Casey Robb, at (307) 777-6910 for information on how to increase the bond. The bond increase should be submitted to the DEQ Bonding Program within forty-five days of your receipt of this letter.

This bond amount is based only on an estimate of the cost of the state performing reclamation in the event of bond forfeiture. If this estimate proves to be less than the amount required, the Department will bring suit to recover the additional cost as allowed under W.S. §35-11-422.

If you have questions regarding the bond amount, please contact Luke McMahan, LQD District 3 at (307) 675-5619.

Sincerely,

Todd Parfitt
Director
