Re: License #13-16910-01 (expires 9/30/2022, docket no. 030-11846)

To Whom it may Concern:

This letter is to notify you of our intent to discontinue operation of our business located in Evansville, IN. We will be closing in the month of December of 2018. Our company currently owns two Troxler nuclear moisture-density gauges (models 3440 and 3430). When these gauges are sold or disposed of by an approved agent, we will send NRC Form 314 to your office. Please let us know if there is anything that we need to do to further end our license to own these gauges.

Sincerely,  
Hanson Testing & Engineering, Inc.
