SUBJECT: REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE IN
AUGUST 10, 2018, PHASE-TWO DOCUMENT SUBMITTAL (CAC NO. MF8411;
EPID L-2016-TOP-0010)

Dear Mr. Andrashov:

By letter dated August 10, 2018 (Agencywide Documents Access and Management System Accession (ADAMS) Accession No. ML18227A166), Research and Production Corporation Radiy (RPC Radiy) submitted an August 10, 2018, affidavit executed by Mark J. Burzynski, U.S. Licensing Manager. The affidavit requested that the information contained in the following documents be withheld from public disclosure under Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390, "Hearing Requests, Petitions to Intervene, Requirements for Standing, and Conditions."

Revision 0 of:

2016-RTS002:EQTSR-040, "Equipment Qualification Test Summary Report"
2017-RTS001-CGDSR_AOM-370, "Commercial Grade Dedication Summary Report for AOM"
2017-RTS001-CGDSR_LM-371, "Commercial Grade Summary Report for LM"
2017-RTS001-CGDSR_AIM-372, "Commercial Grade Dedication Summary Report for AIM"
2017-RTS001-CGDSR_DIM-373, "Commercial Grade Dedication Summary Report for DIM"
2017-RTS001-CGDSR_DOM-374, "Commercial Grade Dedication Summary Report for DOM"
2017-RTS001-CGDSR_OCM-375, "Commercial Grade Dedication Summary Report for OCM"
2017-RTS001-CGDSR_IOPM-376, "Commercial Grade Dedication Summary Report for IOPM"
2017-RTS001-CGDSR_CH-377, "Commercial Grade Dedication Summary Report for CH"
2017-RTS001-CGDSR_VM-378, "Commercial Grade Dedication Summary Report for VM"

RPC Radiy indicated that non-proprietary versions were not provided because the extensive amount of proprietary information in the documents would have made nonproprietary versions of little use to stakeholders.

The RPC Radiy affidavit detailed the reasons for withholding the information.

The Nuclear Regulatory Commission (NRC) staff has reviewed the RPC Radiy application and the material in accordance with the requirements of 10 CFR 2.390. On the basis of the statements in the affidavit, the NRC staff has determined that the submitted information sought to be withheld contains proprietary commercial information and should be withheld from public

disclosure. Therefore, the version of the submitted information marked as proprietary will be withheld from public disclosure under 10 CFR 2.390(b)(5) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

Withholding from public inspection shall not affect the right, if any, of persons properly and directly concerned to inspect the documents. If the need arises, the NRC staff may send copies of this information to its consultants working in this area. The agency will, of course, ensure that the NRC staff consultants have signed the appropriate agreements for handling proprietary information.

If the basis for withholding this information from public inspection should change in the future such that the information could then be made available for public inspection, you should promptly notify the NRC.

You also should understand that the NRC staff may have cause to review this determination in the future, for example, if the scope of a Freedom of Information Act request includes your information. In all review situations, if the NRC staff makes a determination adverse to the above, you will be notified in advance of any public disclosure.

If you have any questions regarding this matter, I can be reached at 301-415-7297 or via e-mail at Joseph.Holonich@nrc.gov.

Sincerely,

/RA/

Joseph J. Holonich, Senior Project Manager
Licensing Processes Branch
Division of Licensing Projects
Office of Nuclear Reactor Regulation
