Subject: [External_Sender] Semi-Annual Effluent Report extension

Ron

As discussed with you on August 30, 2018, Uranium One will need to request an extension for the semi-annual report due to laboratory issues encountered with the 2nd quarter 2018 environmental air monitoring filter analysis. Uranium One has requested that our laboratory re-run the environmental air monitor filters. Discussion with the laboratory indicated it would be two-weeks before the re-analysis would be completed.

Based on this information Uranium One is requesting to submit the 1st Half 2018 semi-annual effluent report the week of September 17, 2018.

Regards,

Scott Schierman | HSE Manager
