Mr. Marc Dapas, Director
Office of Nuclear Material Safety and Safeguard
Attn: GLTS
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Re: Updated Inventory of Generally Licensed Devices

Dear Director Dapas,

This letter serves to inform the NRC GLTS of generally licensed devices that we have on-site here at the Transportation Security Laboratory (TSL) as of August 16, 2018. Attachment 1 contains the required information relating to our inventory.

The TSL point of contact for information regarding GLDs is

Colin O'Connor
Radiation Safety Officer
609-813-2820
colin.oconnor@hq.dhs.gov

If you have questions or need additional information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Colin O'Connor", with a long horizontal flourish extending to the right.

Colin O'Connor
Radiation Safety Officer
Transportation Security Laboratory

Attachment 1

Current locations of generally licensed devices:

Transportation Security Laboratory
Buildings 315, 318, 319, and 374
Atlantic City, NJ 08405
