I'll take this email and docket this reply to you. I'll send that to you with an accession number. Please just Place the docketed mail on your license. I will make this a part of a license amendment with the next substantive action, be that amendment or termination. I'll send along a copy to Jim. Have a good weekend.

**Subject:** [External\_Sender] Passport NRC license

Hi Ty,

We've been waiting several months for DNDO to take the material back from us, however, it now looks like they need to wait until they have FY19 funding. About a month ago we had an inspection by James Cassata.

One of the things that came up is that as part of the Conley terminal expansion the official address for the port has moved from 940 East First St. to 700 Summer St. Can you suggest the best way to notify the NRC of this address change? This is just an administrative change and nothing else has changed to affect the license.

It's likely that once DNDO has taken all the material back from us that we would close out our license so I will keep you posted once I have a timeline for that.

Regards,  
Steve
