Subject: Response to TAR for use of Sn-117m to treat arthritic canine elbows.

Discussion: I informed Dr. Rozear that we are not able to approve his request to use Tin-117m as written due to our concerns regarding the release criteria using dose rate (0.5 mR/hr at 1 m), the request to release the animals immediately following treatment; and the use of written instructions to ensure compliance with public dose limits.

Dr. Rozear stated that he will voluntarily withdraw his request to amend his license to possess and use Tin-117m to treat arthritic canine elbows.
