8.     *The estimated number of annual respondents: 39.*
9.     *An estimate of the total number of hours needed annually to comply with the information collection requirement or request: 2,808.*
10.    *Abstract:* The Agreement States will be asked on a one-time or as-needed basis to respond to a specific incident, to gather information on licensing and inspection practices or other technical information. The results of such information requests, which are authorized under Section 274(b) of the Atomic Energy Act, will be utilized on part by the NRC in preparing responses to Congressional inquiries.
