REQUEST FOR ISFSI ORDER RELAXATIONS

Dominion Energy Kewaunee, Inc., Dominion Energy Nuclear Connecticut, Inc., and Virginia Electric and Power Company (the Licensees) are requesting that the NRC grant a relaxation of Independent Spent Fuel Storage Installation (ISFSI) Security Orders EA-02-104, EA-03-173, and EA-07-195. This relaxation would allow the use of appropriate compensatory and suspension measures provided in 10 CFR Part 50 physical security plans (Plans) as an alternate means of compliance with the interim compensatory measures (ICMs) or additional security measures (ASMs). The Relaxation Request, as well as the Plans' compensatory and suspension measures for Kewaunee, Millstone, North Anna, and Surry Power Stations, are provided as attachments to this letter.

If you have any questions, please contact Margaret A. Earle at (804) 273-2768 or Michael Whitlock at (804) 273-2768.

Sincerely,

Gerald T. Bischof
Senior Vice President – Nuclear Operations & Fleet Performance
