

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

January 9, 2019

Mr. Michael J. Mosley
Secured Transportation Services
5210 Palmero Court, Suite 107
Buford, GA 30518

SUBJECT: ROUTE APPROVAL APPLICATION (U.S. NUCLEAR REGULATORY COMMISSION ROUTE NUMBER 262): PORTAL STATION PORT OF ENTRY PORTAL, NORTH DAKOTA TO THE JACKSON BARRICADE AT THE SAVANNAH RIVER SITE, AIKEN, SOUTH CAROLINA, DOCKET NUMBER: 070-07011

Dear Mr. Mosley:

I am responding to your letter dated September 25, 2018, which requested that the U.S. Nuclear Regulatory Commission (NRC) approve a new Truck Route designated as No. 262 for transporting spent nuclear fuel from port of entry Portal, North Dakota to the Jackson Barricade at the Savannah River Site, Aiken, South Carolina.

The NRC has reviewed your application and concluded that the information you provided dated September 25, 2018, with supplemental information dated December 14, 2018, satisfies the requirements of Title 10 of the *Code of Federal Regulations*, Section 73.37. This letter constitutes approval. The approved route is now designated as Truck Route No. 262 and will expire February 28, 2024. The NRC expects your periodic review and update of the emergency phone numbers associated with this route. Changes to emergency contact numbers do not qualify as a route deviation or change. You are reminded that prior to the movement of spent nuclear fuel, a 10-day advance notification to the NRC and the States is required by Section 73.37 Paragraph (b)(2), "Advance notifications" and notification to each participating Tribe is required as referenced in Section 71.97(a)(1)(2).

If you have questions on this route approval or require additional information please contact Mr. Alex Sapountzis at (301) 287-3660 or via e-mail at Alexander.Sapountzis@nrc.gov.

Sincerely,

/RA/

Alison Rivera, Chief
Fuel Cycle and Transportation Security Branch
Division of Physical and Cyber Security Policy
Office of Nuclear Security and Incident Response
