DOCKET 50-255, LICENSE DPR-20 -  
PALISADES PLANT - CONFIRMATORY MEASUREMENTS

Thank you for your letter of September 1, 1976 describing your Confirmatory Measurements Program. This information is helpful in defining the standards used in evaluating the measurements. We note that some of the limits of detectability achieved in your laboratory may not be practical or necessary for a commercial power plant. We conclude that these differences are acceptable.
