DOCKET 50-255, LICENSE DPR-20
PALISADES PLANT, IODINE ADSORBER
PERFORMANCE

Your letter dated May 4, 1976 requested information relating to the testing of iodine adsorbers (activated charcoal). We do not have any test results from the new activated charcoal installed in 1975. A sample of this adsorber has been sent to the laboratory for analysis and we expect to have this information about June 25, 1976. We will provide the requested information at that time.
