#### **Inspections Not Warranted; Informal Review**

The complainant may obtain review of such determination by submitting a written statement of position with the Assistant Director of the Public Health Division. The Authority will provide the licensee or registrant with a copy of such statement by certified mail, excluding at the request of the complainant, the name of the complainant. The licensee or registrant may submit an opposing written statement of position with the Assistant Director of the Public Health Division. The Authority will provide the complainant with a copy of such statement by certified mail.

An informal conference may also be held at the request of the licensee or registrant, but disclosure of the identity of the complainant will be made only following receipt of written authorization from the complainant. After considering all written or oral views presented, the Assistant Director of the Public Health Division shall affirm, modify or reverse the determination of the Authority and furnish the complainant and the licensee or registrant a written notification of the decision and the reason therefore.

(3) If the Authority determines that an inspection is not warranted because the requirements of OAR 333-111-0030(1) have not been met, the complainant shall be notified in writing of such determination.
