Roger,  
Jenny had a couple edits in the Seabrook section in Pages 50-51 to reflect the change in schedule to accommodate the brand new public meeting. The NRR Director Decision on Page 51 should be changed to reflect February in the Table and narrative. On Page 50 Jenny thought the "Issue Final SER" in the Table that showed 09/28/18 was really the "Draft" SER that was submitted to the ACRS and was considered "final" after the ACRS letter came back (in December?). That's it from us. Thanks.

David
