SUBJECT Re: Westmoreland Kemmerer, Inc. Bankruptcy Notification								
SUMMARY AND ACTION REQUIRED (IF ANY) I contacted Mr. Lively to further discuss Westmoreland Kemmerer, Inc.'s bankruptcy notification dated October 31, 2018 (ML18317A321). The notification was sent to Region IV and was forwarded to MSLB on January 17, 2019. Mr. Lively informed me that the mine is continuing operations as usual and are still in possession of and utilizing their elemental cross belt analyzers and fixed gauges. He also stated that he believes that the mine will be sold and that the sale might be completed some time at the end of February 2019. I informed him of the requirements in 10 CFR 30.34(b) and informed him he should contact Region IV regarding a license amendment once he finds out more about the sale and possible TOC. After the phone conversation I emailed him pdf copies of NUREG-1556, Vol. 15, Rev. 1 and RIS 2014-08, Rev. 1.  At this time, there is no further action.
