Attachments: Response to December 2018 NRC inspection of CMU.pdf

Mr. Draper,

The additional information you requested in December 2018 is attached. Let me know if you have questions, or if additional information is needed. Thank you,

Jennifer

Subject: Followup from NRC Inspection

Dr. Walton,

I am just writing to follow up with you on the inspection that I performed at CMU on December 18, 2018. I wanted to let you know that I am back in the office following the holidays in case you have any questions regarding the additional information I need to close out the inspection. However, I will be on the road again next week (January 7-11) so if you need to reach me during that week, email would be the best method.

If you have not yet been able to collect the additional information I need to close out my inspection, please let me know a date when you think you'll be able to get that additional information to me.

Thank you,

Jason Draper
