Docket Clerk

Director of Nuclear Reactor Regulation
ATTENTION: Mr. B. J. Youngblood, Chief
Environmental Projects
Branch No. 2
Division of Reactor Licensing
U.S. Nuclear Regulatory Commission
Washington, D. C. 20555

Gentlemen:

PROPOSED ENVIRONMENTAL TECHNICAL SPECIFICATIONS (ETS)
SALEM NUCLEAR GENERATING STATION
DOCKET NOS. 50-272 AND 50-311

Attached are additional comments and suggested changes to our proposed Environmental Technical Specifications (ETS). These comments were discussed verbally with Mr. Frank Miraglia of your staff and we trust that our comments shall be incorporated into the final version of the ETS.

Our comments on Page 3 of our March 15, 1976 letter transmitting comments on the ETS are revised as follows:

1. Withdraw comment No. 7 on Page 2.1-1, deleting the word shell.
2. Withdraw comment No. 8 on Page 2.1-3, deleting the word shell.
3. Withdraw comment No. 9 on Page 2.1-5, deleting the word shell.

If you wish further clarification of our comments, please contact Mr. R. P. Douglas of our staff.

Very truly yours,

R. L. Mittl
