Good Morning Mr. Lawyer,

I assumed since Dr. James Baxter retired and was the person that delegated authority to me, I would need to update the authority letter. I went ahead and already did this (I had Ulrich Roth sign yesterday) -(see attached). At the very least, the letter contains the information you requested.

Let me know if you have any questions. Thank you.

Subject: New Management Contact

Mr. Galdenzi,

Could you provide me the contact information for Dr. Roth for our records? Phone, email, fax.

The letter dated December 19, 2018, states that you are going to send a delegation of authority letter. I am not certain what delegation of authority you are referring. We only need it when the delegation of authority for the Radiation Safety Officer changes. If it is about something else (like RSC chair) then we don't need it sent to us. Please inform me if it has been mailed.

You can just email me back the responses,

Thanks
