This is a request under the Freedom of Information Act (FOIA).

I am requesting all documents in the NRC's possession related to a June 1971 compliance inspection by the United States Atomic Energy Commission which may have resulted in a Notice of Violation and a request for remedial action to be taken to remediate thorium-bearing slag that was discovered at the Molycorp, Inc. site in Washington, Pennsylvania. This request includes, but is not limited to, any sampling, reports, regulations, guidance documents, or remediation plans.

The term "document" as used herein means any medium upon which information or intelligence can be recorded or retrieved, including any electronic medium, and includes, without limitation, the original and all non-identical versions, regardless of origin and location, of any book, pamphlet, letter, memorandum, calendar, report, record, contract, plans, maps, agreements, studies, handwritten notes, draft, working papers, transcripts, affidavits, paper, print, drawing, sketch, graph, index, list, tape video, (audio or otherwise), logbook, photograph, microfilm, computer tape, disk, diskette or printout, video disk, data sheet, E-mail or data processing card, or any other written, recorded, transcribed, punched, taped, digitally-recorded, filmed, or graphic matter, however produced or reproduced, which is in your possession, custody or control.

These documents are being requested in regards to a lawsuit filed against our client, Molycorp, Inc., by a former employee claiming exposure to radiation.

We understand that we are responsible for any reasonable statutory fees charged for searching and copying of the records. Please expediently supply the copies of the records without notifying me of the costs of the fees, which we agree to pay, unless costs exceed \$200, in which case please provide us prior notification so that we can advise whether we will consent to the proposed costs pursuant to FOIA.

If you deny all or any part of this request, please cite each specific FOIA exemption that justifies your denial of the information and notify me of appeal procedures available under the law.

Should you have any questions regarding this request, please do not hesitate to contact me at (412) 392-5531. Thanks.
