

Model Delegation of Authority:

Memo To: Radiation Safety Officer
From: Chief Executive Officer
Subject: Delegation of Authority

You, Brandon Powell, have been appointed Radiation Safety Officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the Radiation Protection Program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations where justified to maintain radiation safety. You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the Nuclear Regulatory Commission at any time. It is estimated that you will spend 1 hours per week conducting radiation protection activities.

Subject: NRC Amendment Request

Good Afternoon Brandon,

Thank you for taking the time to discuss your NRC license amendment request with me this afternoon.

As we discussed on the phone, I will need a Delegation of Authority signed by you and someone in your senior management chain (generally director level or higher). A model delegation of authority can be found in Appendix C of NUREG-1556, Volume 4, Revision 1, "Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Fixed Gauge Licenses,". For your convenience I have attached a sample delegation of authority to this email. You can submit this document along with a signed and dated letter to me via email or you can fax it to 630-515-1078. If you have any questions please feel free to give me a call in my office.

Thank you,

Erin Kennedy
