RE: NRC Amendment Request
Additional Permanent Storage Facility - Kalamazoo
NRC License No. 21-18663-02

Dear Ms. Kennedy:

We are submitting this letter to inform you of our desire to withdraw our previously submitted license amendment request to add a permanent storage location at **1707 South Park Street, Kalamazoo, Michigan**. Our original amendment request is dated November 9, 2018. Prein & Newhof still intends to relocate our Kalamazoo branch office to the above address. However, at this time, we are unable to provide the necessary specific documentation regarding the safe storage of radioactive materials at that location. We believe these issues will be resolved within a relatively short time-frame, and we intend to re-submit our amendment request, with the necessary documentation, in the near future.

We apologize for any inconvenience this situation may have caused and appreciate your understanding in this matter.

Sincerely,

Prein&Newhof
