3933 S. Broadway
St. Louis, MO 63118

**SUBJECT: ACKNOWLEDGEMENT OF ST. ALEXIUS HOSPITAL BANKRUPTCY
NOTIFICATION**

Dear Mr. Schaab:

This acknowledges your letter dated December 21, 2018, informing the U.S. Nuclear Regulatory Commission (NRC) that St. Alexius Hospital filed for bankruptcy under Chapter 11 in the US Bankruptcy Court on November 5, 2018.

Please be informed that the bankruptcy filing does not relieve St. Alexius Hospital of its obligations to comply with NRC requirements, including those relating to the security and control of licensed material, classified material and information, decontamination and decommissioning of contaminated facilities, and the retention of personnel required by NRC requirements [e.g., the radiation safety officer, authorized users]. Additionally, the NRC will continue to conduct inspections of your activities.

Please be aware that you must first properly secure, dispose of, or transfer all licensed material, and you must inform NRC of this situation. This includes, for example, if you need to close a building. NRC licenses remain in full effect, even beyond their stated expiration date, until terminated in writing by NRC.

You may not (i) transfer control of your license without prior written NRC approval or (ii) transfer licensed material, except as authorized by NRC regulations. You should ensure that your attorney and any trustee involved in the bankruptcy proceeding are aware of these obligations. A person must obtain an NRC license prior to taking control of licensed activities or possession of the licensed material, including any contaminated equipment or property transferred by the licensee.

Please notify us immediately if you are unable to meet any of these conditions. Also, please notify us when the bankruptcy proceeding is completed.

B. Schaab
