RE: 2018 Transfer Report for SIG SAUER, Inc. Material License # 28-35454-01E

Dear Director,

SIG SAUER, Inc. (SIG) distributes night sights mounted on small arms that contain Hydrogen 3 to end users. These products are transferred for use under 10 CFR 30.19. SIG's current license was issued on November 29, 2018. Appendix A provides a table with the description of the sight, model number, total quantity of radionuclide, and number of units transferred from January 1, 2018 through December 31, 2018 to end users.

Should you have any further questions feel free to contact me at sean.iller@sigsauer.com or (603) 610-3078.

Regards,

Sean Iller
