Subject: USNRC - Teledyne-e2v License Amendment Request

Dominic,

As we discussed it before, in order to change your license name to your Exempt Distribution License 31-23630-02E, you need to provide a copy of your possession license issued by the State of New York, reflecting your new name on your possession license.

We will continue our review upon receipt of this information. If we do not receive a reply from you within 30 calendar days from the date of this email, we will assume that you do not wish to pursue your application.

Sincerely,

Shirley S. Xu
