Dear Mr. Di Frances:

The U.S. Nuclear Regulatory Commission (NRC) is pleased you will participate in a public Commission briefing on Transformation at the NRC: Innovation, on the rescheduled date of March 28, 2019, at 9:00 a.m. The Commission is interested in hearing your perspective on transformation/innovation best practices, success stories, and lessons learned. They are also interested in hearing your ideas on this topic for the NRC to explore. The NRC staff's recommendations were provided in policy paper, SECY-18-0060 Achieving Modern Risk-Informed Regulation, which is available (with enclosures) on our public website here: <https://www.nrc.gov/docs/ML1811/ML18110A186.html>. The meeting will be held in the Commissioners' Conference Room on the first floor of the NRC's Headquarters building at One White Flint North, Rockville, Maryland. I am enclosing a copy of the meeting agenda for your information. My staff will keep you informed of any updates to the agenda.

To assist the Commission in preparing for the meeting, please e-mail any written material, including slides, to Ms. Denise McGovern (Denise.McGovern@nrc.gov), and Ms. Pamela Shea (Pamela.Shea@nrc.gov) in the Office of the Secretary, by March 21st, so that it can be distributed to the Commission for review in advance of the meeting. PowerPoint is the preferred format, but other electronic presentation formats may be used. This Commission meeting will be webcast live at the Web address: www.nrc.gov, and materials provided for the meeting will be posted on the NRC public website prior to the meeting: <http://www.nrc.gov/reading-rm/doc-collections/commission/tr/>. Please plan your oral presentation for about 10 minutes, discussing the important points on which you wish to focus the Commission's attention. Please avoid the use of acronyms where possible. If you do use acronyms, please explain them during your presentation.
