

**NRC-TVA Publicly-Noticed Meeting (3/1/2019) Topic for Discussion: Changes in Revision 2 of Clinch River Nuclear (CRN) Site Early Site Permit Application, Part 2 – Site Safety Analysis, Chapter 2; and Part 8 – Enclosures, Plates 2a through 2d**

1. Discussion of changes made in Revision 2 that reflect updates to the Karst Evaluation Report and the Geologic Field Reconnaissance Report. Specifically, the size and exact location of a newly-identified small, shallow landslide within the CRN Site location mentioned under TVA tracking number ESPACR# 18-007 in enclosure 1 of TVA Letter CNL-19-018 (ADAMS Accession number ML19030A485).
