CONTACT: Ron Linton, NMSS/DUWP, 301-415-7777

SUMMARY:

The meeting was publicly noticed on January 25, 2019 on NRC's website. The meeting started at 10 a.m. Eastern Standard Time with an opening statement by Mr. Ron Linton, NRC. The meeting continued with a slide presentation by Homestake and their contractors regarding water quality related information provided in their white paper entitled: "Evaluation of Water Quality in Regard to Site Background Standards at the Grants Reclamation Project," September 2018 (ADAMS Accession No. ML19025A300). The information provided in the presentation included supporting technical data and analysis for background water quality standards for the Homestake Grants Reclamation Project.

The NRC staff, Homestake, and their contractors, engaged in a discussion, including a question and answer session after the presentation. Topics covered in these discussions primarily included clarification of technical details that were presented as well as more general questions and comments. Following the question and answer session, the NRC staff opened the meeting for comments from other attendees. Several questions and comments were received and answered by the NRC staff. The NRC staff provided closing remarks and the meeting was adjourned at 1:00 p.m.
