Michael,

Two comments on the 2-15-19 file:

1. Page 1, Action Required box references "Model No. 435-B", believe that should be "Model No. TK-C69"
2. Page 2, I would request that Item #2 be changed from:
"2. Load the fuel into Unit 2 of the Braidwood's reactor, which is 6 months away from the loading of Unit 1, and"
To:
"2. Load the fuel into an alternative unit at a future date, and"

Best regards,
Rich
