RE: Docket ID NRC-2018-0279 Pilgrim Nuclear: Consideration of Approval of Transfer of License and Conforming Amendment

As a concerned Massachusetts citizen I'm joining others to insist that the NRC allow Massachusetts Attorney General Maura Healey and representatives from Pilgrim Watch to actively participate in the decommissioning process, without cutting corners and without the citizens of Massachusetts picking up the tab.

We look forward to a hearing required to protect our communities now and into the future. Thank you for this opportunity to provide input into this process.
