Dear Ms. Shanley, to continue our review of the request dated February 27, 2019; please provide the following additional information:

1. Confirm that the seed localization commitments found in your letter received March 29, 2016 will be followed at the new location of use - 20 Germantown Road, Danbury, CT.
2. Confirm that the facilities requested at 20 Germantown Road, Danbury, CT are not currently used by any other NRC licensee.
3. Describe how the seeds will be transported from the storage room to the insertion room and describe any safety precautions taken during the transport. If seeds will be transported on public roads, please confirm that all applicable Department of Transportation regulations will be followed.
4. Indicate whether you would like to request the maximum possession limit allowed by the Sirtex Sealed Source and Device Registry, currently 296 mCi per vial. In addition, please indicate whether you would like to include the additional manufacturer in Singapore.

You may submit the above information to my attention either via signed pdf sent to my email or via fax sent to 610-337-5269. If we do not receive a reply within 30 days, we will consider that you no longer need the requested amendment and void your request. Thank you for your assistance,
