---

In support of the LAR to SNM-180 (Docket 70-157) Supporting Shipping Preparations at the University of Texas @ Austin (ML19116A057), I have performed an acceptance review. This email serves to document my recommendation that we accept the LAR for review in lieu of a formal internal memorandum. Ty and I have a site visit planned on 25Jun19.

Please let me know if you have any questions or need anything else from me, and please pass this information – if you are in agreement – to FFLB.

Respectfully,
