NUCLEAR REGULATORY COMMISSION
REGION I
2100 RENAISSANCE BLVD.
KING OF PRUSSIA, PA 19406-2713

June 4, 2019

John Fernandez
Vice President, Operations
United Hospital Center
327 Medical Park Drive
Bridgeport, WV 26330

SUBJECT: UNITED HOSPITAL CENTER, ACCEPTANCE OF NOTIFICATION OF
TRANSFER OF CONTROL, MAIL CONTROL NO. 610805

Dear Mr. Fernandez:

By letter dated December 5, 2018 (ML18361A506), United Hospital Center submitted to the U.S. Nuclear Regulatory Commission (NRC) a request for consent to an indirect license transfer of NRC Materials License No. 47-01458-01. Based on the information provided, the NRC understands that West Virginia United Health System, Inc. (WVUHS) became the sole corporate member of United Hospital Center (UHC). As such, control of UHC was indirectly transferred to WVUHS, its new corporate parent. We further understand that this transfer will not result in any changes to the licensee name, licensed materials, persons using the licensed material, location of use, or persons responsible for the radiation safety program.

This was effectively a request for post-hoc approval of an indirect license transfer that occurred in 1997. Please note that any future transfers of control must receive prior written consent from the Commission in accordance with 10 CFR 30.34(b)(1).

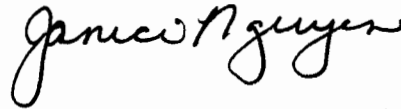

As more fully detailed in the enclosed Safety Evaluation Report, which documents the NRC staff's review of the request, and in accordance with 10 CFR 30.34, the NRC consents to the transfer. Please note that since this transaction occurred in 1997, no other action is required. If you have any questions regarding this letter, please contact Janice Nguyen at (610) 337-5006 or via electronic mail at janice.nguyen@nrc.gov.

Future changes in the licensee's name, licensed use, licensed materials, licensed location, persons responsible for licensed material, or other changes to the corporate organizational structure require submission of a request to amend the license or a request to transfer the license. NRC approval must be received prior to the implementation of the proposed change.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web Site at: <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "Janice Nguyen". The signature is fluid and cursive, with the first name "Janice" and last name "Nguyen" clearly distinguishable.

Janice Nguyen, Senior Health Physicist
Medical and Licensing Assistance Branch
Division of Nuclear Materials Safety
