Subject: Request to name a new RSO, NRC license no. 13-13028-02, Community Howard Regional Health, Inc. (CN 611927)
Attachments: RSO DOA.docx

Good morning Mr. Wroblewski,

I have reviewed the licensee's request dated April 11, 2019 to name a new Radiation Safety Officer (RSO) and add a number of Authorized Users (AUs) on NRC license no. 13-13028-02, Community Howard Regional Health, Inc.

Please provide the following information in order to proceed with the amendment:

- 1) A Delegation of Authority Letter signed by management and the new proposed RSO. In the letter, please indicate that you will dedicate sufficient time to perform your duties and responsibilities as the RSO for NRC license no. 13-13028-02. The concern is that you are overseeing the Radiation Protection Program at a large number of medical facilities already and are taking on additional responsibilities at new facility/ies.
Please see the attached model Delegation of Authority Letter (NUREG 1556, Volume 9, Revision 2, Appendix I)
- 2) Please note that David Kurlander, M.D., Thomas N. Murphy, M.D., and Mark Joseph Paluszny, M.D., will be named as AUs for the requested uses with the exception of 10 CFR 31.11 material as NRC license no. 13-13028-02 does not allow for use of the material (the material is not listed).
- 3) Please verify the correct spelling of Dr. Orin W. Perkins (Orrin W. Perkins).

Please submit a signed (by management) and dated cover letter referencing the Delegation of Authority Letter and the enclosure (Delegation of Authority Letter) by 5/24/19. You may submit your response directly to me via email.

Please let me know if you have any questions.
