Subject: [ACTION] CN 611967 Transfer of Control

Good Afternoon,

I am working on the transfer of control request that was received by the NRC Region III Office. I wanted to request an update to the status of the transfer? If you can let me know the approximate date when the transfer will take place, if not already, that would assistance in completing the review.

If you have any question please let me know at your convenience.

Respectfully,

Daniel C. Strohmeyer, CHP
